PROJECTS

Vellay – Multi-tenant sports venue booking SaaS

Two-sided platform: venue owners run courts, staff, schedules and revenue from a multi-tenant dashboard; players find venues on a map and book 30-minute slots on the web or the iOS/Android app. Payments via cash, bank transfer, JazzCash and EasyPaisa.

Tech: Next.js, TypeScript, PostgreSQL, Tailwind CSS, Expo, TanStack Query, Zustand, Google Maps · **Link** https://vellay.pro

---

Cab.uk – UK airport transfer booking platform

Live booking site covering 19 UK airports, 111+ cities and 4,000+ routes, with instant fixed-price quotes, live flight tracking, multi-language booking and SEO pages for every route, airport and city.

Tech: Next.js, TypeScript, Tailwind CSS · **Link** https://www.ukairporttaxitransfers.co.uk

---

Buy4Low – E-commerce store, built in 2 days

Live online shop with checkout, an admin for products, orders and customers, and about 3,200 location pages for Google visibility — taken from idea to live site in two days.

Tech: Next.js, NestJS, MongoDB, JWT, React, Vite, Vercel · **Link** https://buy4low.com

---

DEGN – Solana trading dApp

Trading app where users connect a wallet, swap tokens through Jupiter at live prices, follow live charts and track portfolio value and history — plus the DEGN marketing website and backend.

Tech: Next.js, NestJS, MongoDB, Web3.js, Jupiter API, JWT, Recharts · **Link** https://degn.app

---

ManpowerHub – Staffing ERP for manpower agencies

In production for Rukn Al Rayan, a UAE manpower contractor: sales pipeline, clients, enquiries and quotations, plus workers, deployments, timesheets and attendance.

Tech: Next.js, NestJS, PostgreSQL, Redis, Docker, Stripe, Tailwind CSS

Zallo.ai – AI receptionist product suite (in development)

Marketing website, a multi-tenant client portal where each clinic sees its own calls, bookings and leads, and a staff mobile app — sharing one sign-in.

Tech: Next.js, NestJS, Supabase, Expo, React Native, TypeScript, Docker

---

OSTELLO – Multi-tenant hostel management SaaS (in development)

Public live bed map, a step-by-step applicant portal with offers and waitlist, and a 12-module staff dashboard covering CRM, occupancy, finance, HR, kitchen and transport.

Tech: Next.js, React, TypeScript, Tailwind CSS, OpenAPI, MSW

Atlantic Devices – UK phone marketplace & wholesale ops (in development)

Marketplace to sell phones with a locked quote and freepost or buy graded stock with trade credit, plus a staff system for IMEI stock, suppliers, purchase orders, invoices, returns and shipping.

Tech: Next.js, NestJS, Prisma, PostgreSQL, Supabase, JWT

Court Chuno – Futsal court booking app (BS thesis)

Cross-platform mobile app to find courts, book matches and chat live, with push notifications and an admin panel.

Tech: React Native, Firebase, Firestore, FCM, Google Maps · **Link** https://court-chuno.web.app/

S-Oil – Lubricants brand site with CMS

Company website and product catalogue for a lubricants brand, with products and blog posts managed from an admin dashboard.

Tech: Next.js, React, NestJS, MongoDB, JWT · **Link** https://s-oil-corporate.vercel.app/

GT Estates – Real estate website and dashboard

Premium digital presence for plot investments with project showcases and an admin dashboard.

Tech: Next.js, Express, GSAP, Lenis, Framer Motion, Swiper · **Link** https://gtestates.com.pk/

Flex Fuel – Gym platform with an AI coach

Workout logging and progress tracking, trainer hiring and programs, equipment sales and an AI assistant for diet and training.

Tech: React, Node.js, AI chatbot, Tailwind CSS · **Link** https://frontend-repo-umber.vercel.app

---

Freight Logistic – USA truck dispatching platform

Dispatch company site with carrier onboarding, load booking, compliance information and lead capture.

Tech: Next.js, TypeScript, Tailwind CSS · **Link** https://freightslogistic.com/

Haseeb Khan – Developer portfolio

Portfolio with a Three.js hero, scroll-driven GSAP animation, a multi-tenant SaaS showcase, case studies and a blog.
